

ROCKY FLATS ENVIRONMENTAL TECHNOLOGY SITE REGULATORY CONTACT RECORD

Date/Time: 4/30/03 11 20

Site Contact(s): Shaun V Knapp
Phone: 7828

Regulatory Contact: James Hindman
Phone: 4482

Agency: CDPHE

Purpose of Contact: 904 Pad Asphalt Removal CDD Approval

Discussion

Mr Hindman returned my phone call inquiring as to the status of the approval of the 904 Pad CDD

He had posed a final question previously, whether the pad had been chemically treated prior to being rinsed. The IWCP indicated that the pad would be cleaned prior to rinsing, and this "cleaning" was performed by sweeping the pad, as was the intent of the IWCP. I called him, and left a message to this effect.

After receiving my message, Mr Hindman returned my call on 4/30/03, and indicated that if we were satisfied with the results, he was also, and gave his approval for the project to proceed with the asphalt removal at the 904 Pad, as well as removal of the five foot wide section of asphalt to be removed of as hazardous waste.
